

Public Meeting and Discussion about the Village Center

Thursday January 16, 2014

School Cafeteria, 7.00 pm

Called by the Charlemont Planning Board

To develop a separate

Village Center District

as voted for by the last annual town meeting

such a District would create different lot dimension requirements, land uses and permit procedures and would also establish by necessity a rural district.

This is the 2nd out of three public gatherings about this important zoning change.

Get involved, especially if you live in the Village

Gisela Walker,
Chair, Planning Board
